

Everyday Leadership

One-Day Programme - Introduction to Leadership

Designed for informal and aspiring leaders.

This one-day, fast-paced, highly experiential workshop introduces new, emerging, and aspiring leaders to their leadership journey.

The Everyday Leadership workshop is designed specifically to provide an introduction to the leadership skills that will help participants build credibility, engage team members, and encourage confidence as they step up to lead when necessary.

We cover 3 key topics:

Part 1: Communication

- Understanding the different ways we communicate
- Identify your own style and the style of others.
- Explore why effective communication is critical in any situation and be able to reflect on, and adapt your own style to increase your ability to communicate effectively.

Part 2: Role of the Leader

- Defining leadership and its importance
- Understanding the qualities of an effective leader
- Learning how to lead or influence others as you work alongside your team members.

Part 3: Teamwork

- Understanding the difference between working with a group and working in a team.
- Identifying characteristics of an effective team and learning how to get everyone working towards a common goal.
